PERSONALITY

I am a highly motivated individual with a desire to create change wherever I go. In addition to my bachelor's degree in Electrical engineering, I am a self-taught front-end developer.

I have also developed a wide scope of interpersonal skills through the different interactions I have made with people. I am excellent at verbal communication in both Swahili and English coupled with effective communication skills. I am proficient in basic digital skills especially in Microsoft office, especially in Excel, Power Point, Microsoft project as well as accurate data entry skills. I am teachable and enthusiastic to learn things.
